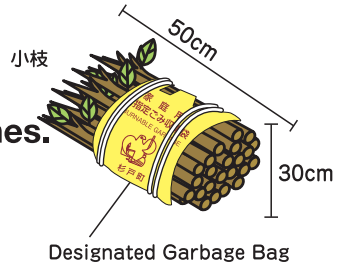
Burnable Garbage

Example of article

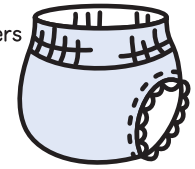
- Kitchen waste such as food scraps

- Used cooking oil (cooking oil only)

- Bunches, fallen leaves, glass Make bundles of 50cm long and 30cm diameter of prune bunches.



- Paper diapers



- Bags

- Shoes

- Stuffed animals

How to dispose burnable garbage (MoeruGomi)

*Drain kitchen waste thoroughly!

*Cooking oil must be soaked into cloth.

*Bunches must be 5cm in diameter. Make bundles of 50cm long and 30cm of diameter of prune bunches. Must be in designated garbage bags or wrapped by it.

*Metals must be removed from bags and metals should be throw away as unburnable garbage.

*Anything sharp and pointed such as wooden skewer must be broken into pieces.

*Excrement of pets at home must be handled appropriately with responsibility. Remove excrement of pets first and dispose sand.

*Do not use rice bag and translucent bag with designated garbage bag attached for disposal.

*Any shells like scallops must be disposed as unburnable garbage.

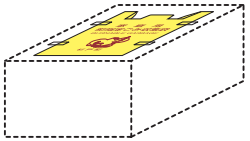
Container

You can get this bag at buy store in sugito.

Container

How not collected to put out garbage.

over packing is not collected



You can't use black bag

divisionally

Non-Burnable Garbage

Example of article

- Ceramics, dishes, pan
- Glass, mirror
- Bucket, washbowl

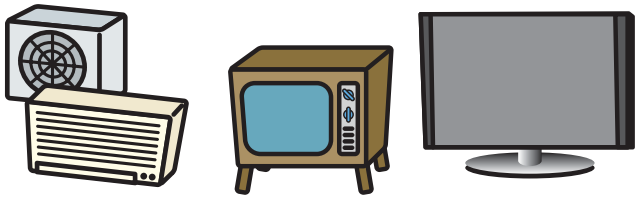
Clinical thermometers, thermometers

How to dispose the 4Home Electrical Appliances

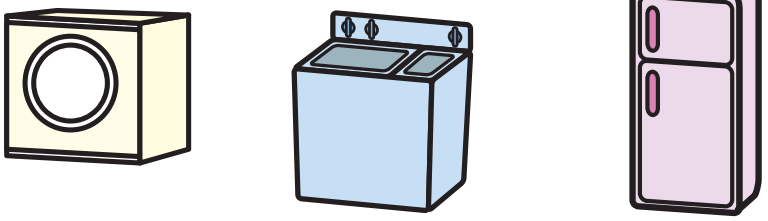
● 4 Home Electrical Appliances

Manufacturers and retail agents are responsible by law to recycle by law. Items designated in the "Household Appliances Recycle Law" such as air conditioners, TVs, washing machines, refrigerators and freezers must be taken to the shop where they were purchased. Contact the retailer for details.



●How to dispose

1. Make a request to the retail shop when you buy new one.
2. Request the retail shop where item was purchased.
3. Ask appropriate garbage dealer to take it.
4. Take it directly to an appropriate garbage collection dealer.
   (Recycling fees must be paid at post office.)

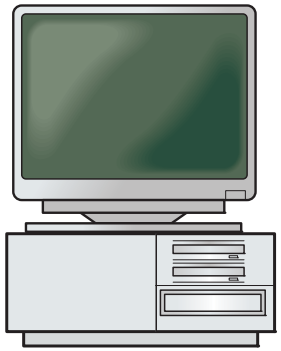


*1・2・3 requires Collection and Transport Fees besides Recycling fee.

*Recycling Fees differ depending on products and manufacturer.

*Please contact "http://www.rkc.aeha.or.jp"http://www.rkc.aeha.or.jp and/or Call Tel. 0120-319640 for details.

Recycling a Personal Computer



The law of Promote Effective Use of Resources (ShigenYukoriyoSokushinho) came into force on Oct. 2003. Computer makers are to collect and recycle used personal computers under the law. To check recycling availability of manufacturers, see （http://www.pc3r.jp） or Call 03-5282-7685.
