

(英語)

貸付制度を利用する際に

Using loan systems

* Eligible persons can receive special payments of monetary donations, relief money, or unemployment benefits without the need for reimbursement. Please consult with a local government official or the person in charge at the evacuation shelter to check if you are eligible to receive such payments and benefits before you apply to use a loan system.

* If you use a loan system, you definitely need to pay back the money you borrow. The interest rate (zero or close to) and grace period can vary depending on a loan system, so please check these items with a local government official before submitting an application.

Also, if you apply to use a loan system, there is a possibility that you might not be able to apply for other systems. Therefore, you should consult with a local government official before applying for a loan system.
