Starting and finishing times

The school day is generally between 8:30 am and 3:30 pm, however, specific times are determined locally based on factors such as:

- bus schedules
- links with other schools
- organisation of the school day
- school speed zones.

Typical school day

School takes place five days per week, from around 8:30am to 3:30pm, Monday to Friday. On a typical school day, students tend to move from classroom to classroom rather than staying in one room, and even moving outside the classroom with our interactive teaching methods.

Student language background

Almost 25 per cent of students at our schools are from language backgrounds other than English, which is why we have such an extensive EAL program and many of our schools are staffed with Multicultural Education Aides.
